WARNINGS:

Store away from food and feed.
Keep out of reach of children.

Although this remedy has been extensively tested under a large variety of conditions, the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal climatic and storage conditions; quality of dilution water as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crop, vegetation, the environment or harm to man or animal or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration.

PRECAUTIONS:

Prevent contamination of food, feeds, drinking water and dams. Destroy empty container by perforation and flattening and never use for any other purpose.

DIRECTIONS FOR USE: Use only as directed.

Mixing:

Half fill the spraytank with water and add the required amount of herbicide. Complete filling the spraytank while adding Actipron Super at the rate indicated below and maintaining constant agitation.

Rate:

Actipron Super should be added at a rate of 500 ml/100 litre spraymix.
